

TWO KILLED IN TOLEDO STRIKE RIOTS

SAYS NEW YORK MEN HAVE COPY OF HUN TREATY

Lodge's Statement Causes Sharp Debate in Senate

[By The Associated Press] WASHINGTON, June 3.—Senator Lodge, chairman of the senate foreign relations committee, told the senate today he had seen in the hands of business interests in New York a copy of the treaty with Germany, given out by an American representative at Paris, but withheld by the state department from the senate.

The statement caused a sharp debate upon the course of President Wilson and the state department regarding publication of the treaty text.

"Was offered a Copy," said Senator Lodge. "I saw a copy of it yesterday. I was offered a copy, but I refused it, saying it could not come into my hands without being published. I heard of four copies in New York. How many more there may be throughout the country, I do not know. As far as I can make out the only place it is not allowed to come is the senate of the United States."

"The treaty is in New York," said Senator Lodge. "I saw a copy of it yesterday. I was offered a copy, but I refused it, saying it could not come into my hands without being published. I heard of four copies in New York. How many more there may be throughout the country, I do not know. As far as I can make out the only place it is not allowed to come is the senate of the United States."

"Copies were given out in Paris," replied Senator Lodge. "They found that some of them were coming to this country and it was stopped."

"By whom were they given out?" asked Senator Swanson. "By our representatives there."

"What representatives?"

"I presume by some of the president's followers."

Borah Makes Suggestion

The first suggestion that the treaty text was available in New York was made by Senator Borah, Republican of Idaho, when a request was made by Senator Johnson, Republican of California, that his resolution asking the state department for the text be allowed to go over until the woman suffrage amendment was disposed of by the senate.

Senator Swanson asked the authority for this statement, and it was then that Senator Lodge announced he had seen the treaty. Senator Swanson said an Associated Press dispatch had stated President Wilson had agreed not to make the treaty public at present and argued that the Johnson resolution would amount to a request for the president to break his word. Publication abroad, he said, was due probably to the fact that some one else had broken faith.

Senator Swanson urged that the resolution be referred to the foreign relations committee. Senator Lodge said that would be a farce.

"People were given these copies abroad," he continued. "Some may have been mailed. Yet we are told that this is a 'delicate question.'"

Senator Swanson said neither the British nor French parliaments have been given official copies.

"Because Germany broke faith is no reason for the senate to ask the president to break faith," said Mr. Swanson, adding that the committee could meet tomorrow, summon the acting secretary of state and learn why the text is not made public. "Regardless of any agreement I assume that when the president learns that New York interests have it in their possession the president will no longer feel under and obligation to keep faith," Senator Borah interrupted. "I think the treaties did not come from the Germans."

Senator Swanson suggested that the committee investigate.

"I don't want any investigation," said Senator Borah. "I want the president to know that those people in New York are using it in a semi-public way for their private information. If the president made an agreement not to give it out there is no reason now why the president should not advise us of that fact. If it is a fact, if it is true that copies have gone into the hands of special interests I think the president would feel relieved of his agreement and give us the treaty."

Senator Johnson interrupted to urge that the debate be closed and the woman suffrage resolution be passed and the incident was closed.

POLES REPULSE GERMANS

Paris, June 2.—Monday—A German detachment, 1,200 strong from East Prussia crossed the Polish frontier and attacked the Polish advance guards according to a Havas dispatch from Warsaw. Polish reinforcements were hastily summoned and counter-attacked between Ossowiec and Grajewo. In a short time the Germans were repulsed with heavy losses.

Guards Fire Into Crowd; Thirteen Hurt

BULLETIN [By The Associated Press] COLUMBUS, O., June 3.—At midnight tonight Mayor Cornell Schreiber of Toledo, wired Governor Cox, saying "send troops immediately to Toledo."

The mayor said all the available deputy sheriffs had been sworn in but he was "unable to cope with the situation."

TOLEDO, O., June 3.—Two men were shot to death and two others were dangerously wounded in a riot late tonight growing out of the labor disturbances involving 15,000 employees of the Willys Overland Automobile Company. The victims, presumably idle employees of the company were killed by discharged soldiers who are guarding the plant. The killing was the culmination of three riots today and tonight and which resulted in injury to thirteen persons.

The killing occurred in front of a fire station near the automobile plant where a discharged soldier engaged with a woman companion, and sought refuge from a threatening crowd.

Calls for assistance brought two motor truck loads of soldier guards from the automobile plant. When they arrived at the station, one of them fired a pistol into the air. The guards then fired their rifles and pistols into the crowd.

As a result of the rioting C. A. Earle, vice-president and general manager of the Willys-Overland company announced at 11:55 a. m. (Wednesday) that no attempt would be made to operate the plant today. The plant was opened a week ago Monday after two weeks of idleness.

Mayor Schreiber early today (Wednesday) announced he had appealed to Governor Cox to send troops here. The house adjoining the plant was smashed presumably by sympathizers of the idle automobile workers who apparently mistook the home for the mayor's residence. Because he feared an attempt might be made to harm him, Mayor Schreiber spent the night at a hotel and kept his whereabouts secret except to his advisers.

ASK RE-HEARING OF SPRINGFIELD CASE

SPRINGFIELD, Ill., June 3.—Thirty-five cities and towns in Illinois today joined with the city of Springfield in a petition to the Illinois supreme court asking a rehearing in the case of the Springfield Gas & Electric company against the city of Springfield.

At the April term, the court held in the Springfield case, that municipally owned public utilities were subject to the control of the state public utilities commission, and that the clause in the statute exempting municipally owned plants was unconstitutional.

Among the cities who were made parties to the petition were Chicago, Decatur, East Moline, Joliet, Quincy, Rock Falls and Rock Island.

TO INVESTIGATE CIRCULARS

Chicago, June 3.—Copies of circulars said to have been issued by the German-American Roubard or Citizens' Society, urging the members to protest to their senators and congressmen against the league of nations have been sent to the chief of the bureau of investigation of the department of justice by the local bureau.

The circulars referred to the league as a one-man idea and only a guarantee of unbridled rapacity and greed. The "bunds" first national festival is set for June 21 and 22.

ENDORSE INCREASED FARE

Peoria, Ill., June 4.—After a deadlock of the sixteen aldermen in the city council which lasted longer than five hours, Mayor E. N. Woodruff at 12:15 this morning (Wednesday) cast the deciding vote endorsing the six cent street car fare for the city of Peoria. With the endorsement of the council the Peoria Street Railway company will appeal immediately to the state public utilities commission. The endorsement of the council was needed to prevent a threatened street car strike here scheduled for this morning.

DR. TRIPP DIES

San Jose, Cal., June 3.—Dr. Russell B. Tripp, last Mexican war veteran in this country died here yesterday within 20 days of his 100th birthday. He was a delegate to the first Republican national convention.

COMMITTEE TO ACT ON HOME RULE TODAY

Snell Drops Filibuster Plan When Action is Assured

[By The Associated Press] SPRINGFIELD, Ill., June 3.—There was no filibuster in the house today although it had been announced repeatedly by Representative Snell of Carlinville that he would attempt to block legislation unless the "home rule" public utilities bill was reported out of the house public utilities committee by today.

Mr. Snell modified his program. It was stated, when he was given to understand that the home rule bill would be acted on by the committee tomorrow morning.

A sub-committee earlier in the day had reported unfavorably on the measure. If the bill comes on tomorrow with an unfavorable recommendation a fight will be made by Representative Wainwright to get it on the calendar.

Waterway Bills Pass.

Administration waterway bills got thru the house today, having originated in the senate.

In addition to the Main engineering bill which goes back to the senate for concurrence in amendments, measures were passed providing for the issuance of \$20,000,000 of bonds, proposing a survey of the Illinois and Michigan Canal to establish land limits and authorizing the sanitary district of Chicago to have certain power rights made available by the waterway. There was no opposition from Democrats to the administration project. The vote on the construction bill was 115 to 11.

The waterway extending from Lockport to Utica will throw open the lake to the gulf channel by way of the sanitary district of Chicago and the Illinois river. It will have an average depth of eight feet.

After a speech opposing passage by Representative Dietrich, the house today declined to pass harbor bill setting aside September 28, each year as Francis Willard Day for the schools. The vote was 75 to 11, two short of a constitutional majority.

Would Increase Salaries.

Senator Barr's bill increasing salaries of county superintendents of school from five to forty per cent, not affecting present salaries, and Senator Dunlap's bill appropriating \$125,000 to purchase land near Tamm, Illinois, from which to take Navajo grove for road building passed the house today.

The house appropriations committee late today recommended armory expenses this biennium amounting to \$165,000 for Danville and \$117,000 for Peoria. The committee killed the Boy and Gorman bills proposing appropriations for a state park at Creve Coeur. Chairman Smeikal said an item of \$15,000 would be included in the omnibus bill for a park at Creve Coeur.

Senator Barbour's bill proposing a national civil service for Cook county (S. R. 84) was reported out unfavorably by the house service committee today and laid on the table in the house.

A administration, corporation, service tax and insurance tax bills which passed the house last week were favorably reported by the senate judiciary committee.

Pass Tax Commission Bill.

The senate today by a vote of 35 to 7 passed the administration bill which creates a board of equalization and create in its place a tax commission of three members. The bill now goes to the house. Each of the commissioners would receive a salary of \$6,000 a year and would give his entire attention to tax questions. Debate on the measure lasted an hour.

By a vote of 33 to 5, the senate passed a companion bill to repeal the existing assessment act and fixing the powers of the commission. This bill goes to the house.

Re-assessment would be made by local authorities. Both measures were introduced by Senator Jewell.

Defeat Carlson Bill.

By a vote of 70 to 46 the house today defeated the Carlson bill providing managerial form of government for cities. Seventy seven votes were required. The bill passed the senate March 19. The house finally passed 127 to 0. The bill bill permitting counties to tax and issue bonds for memorials to vote of the people. A report will be made to the legislature by the committee to investigate Zion City and Wilbur Glenn Voliva that a committee be authorized to continue the inquiry after the legislature adjourns, according to a sub-committee member today.

Navy Plans To Junk Twelve Battleships

[By The Associated Press] WASHINGTON, June 3.—Twelve pre-dreadnaught battleships will be relieved of active duty with the fleet and eventually broken up for junk or used as targets by more modern vessels under plans now being worked out by the navy department. The ships are of the "mixed battery" type and are not considered to be of any value against latest fighting craft.

Four of the battleships, the historic squadron comprising the Oregon, Indiana, Iowa and Massachusetts, have already been relegated to the scrap heap. The remaining eight, apparently doomed to the same fate are the Kearsarge, Kentucky, Illinois, Alabama, Wisconsin, Maine, Missouri and Ohio.

Cost More Than \$800,000,000.

The twelve vessels built between 1893 and 1901, represent a total expenditure for hulls and machinery alone, of more than \$800,000,000. When placed out of commission they will release for other duty approximately 10,000 enlisted men and nearly 400 officers.

The ships were used during the war with Germany as training ships or coast defense units.

It has been suggested that a number of the vessels could be well utilized as coast defense units by sinking them in shoal water at the entrance to the more important harbors making them veritable fortresses. It is possible that four of them will be used for this purpose.

Will Have Forty Dreadnaughts

With these twelve ships stricken from the navy register the fleet will comprise forty dreadnaughts and pre-dreadnaughts, 29 of them of the most modern type and 11 of slightly older class but still formidable units, all of them of the "all big gun" type of construction.

In addition to this powerful fleet of forty battleships there are planned construction six cruisers planned on a scale never before attempted by any navy. They will be 850 feet in length, estimated displacement 35,000 tons and will mount eight 16-inch guns. The contract speed of these cruisers is 35 knots. Secretary Daniels has recommended that construction be immediately resumed on these ships.

FIND BODY OF ROSA LUXEMBURG

BERLIN, Sunday, June 1.—The body of Rosa Luxemburg, the radical socialist who was killed by a mob in Berlin, early in the present year at the same time Dr. Karl Liebknecht was assassinated, has been found in the Landwehr canal. The body was held fast in the dyke, preventing its recovery by divers.

A dispatch from Berlin Feb. 10 said that the body of a woman apparently that of Rosa Luxemburg had been found in the Landwehr Canal.

ROYAL NEIGHBORS MAY RAISE RATES

CHICAGO, June 3.—Members of the supreme camp of the Royal Neighbors of America, a fraternal beneficiary life insurance society with a membership of 300,000 in 43 states, met in special session here today to consider the question of increasing the assessment rate to most losses due to the abnormal death rate caused by the influenza epidemic last fall. In 1918 there were 3,539 death claims reported amounting to \$2,626,000, which reduced the organization's surplus 50 per cent. The balance on hand January 1, 1919 was \$1,365,242.93 compared with a surplus of \$2,233,572.87 at the beginning of 1918.

The present monthly assessment rate for each \$1,000 of insurance raises from 40 cents to 95 cents according to the age of members and one suggestion is that the rates be raised to 75 cents to \$1.50.

WILL NOT JOIN BLOCKADE

Paris, June 3.—Sweden and Denmark have notified the peace conference that they will not join in a blockade of Germany in the event of a German refusal to sign the peace treaty. They state that a blockade could be made without their violating their neutrality.

CLERKS GET BOMB SCARE

CHICAGO, June 3.—A timing device on an empty shell mailed from France by Lieut. B. Vanderlip and addressed to Tunis Vanderlip, Oskaloosa, Iowa, ignited its wrapper today and gave the local postoffice clerks a bomb scare. The package was marked "souvenir."

authorized to continue the inquiry after the legislature adjourns, according to a sub-committee member today.

Europe Needs Large Amount of Foodstuffs

[By The Associated Press] PARIS, June 3.—A preliminary survey of the import necessities of Europe except Russia shows that the food will need 700,000,000 bushels of wheat and rye at a minimum and 850,000,000 bushels as a possible maximum. Herbert C. Hoover, the head of the allied relief organization said in a statement issued today. The export surplus of wheat and rye from the larger exporting countries indicate that the needs of Europe can be met.

Finish Preliminary Survey.

Mr. Hoover estimates the exports of the United States at 470,000,000 bushels. "Thru our organization and in co-operation with the various governments," the statement says, "we have completed a preliminary survey of the food prospects of Europe and the import necessities outside Russia for the harvest year beginning August 1, and the world supplies available to meet these needs.

"The consumption will necessarily be to a great degree a factor of the final recuperation and ability to pay for imports, and is also influenced by the tendency to eat more bread and less of the more expensive meat and fats.

People Sick of Rations.

"Restriction of consumption will require continuation of the rigid control of distribution. People everywhere are sick of rations and every state will make a supreme effort to get from under this blight. Some countries therefore will get away from the minimum so that an import demand of 850,000,000 bushels is possible.

"The present stocks and crop conditions in the larger exporting countries would indicate that there should be in the coming harvest year an export surplus of wheat and rye of from 870,000,000 bushels to 900,000,000 bushels, but of this other countries than Europe require about 100,000,000 bushels, leaving the supply of from 770,000,000 bushels to 800,000,000 bushels available for Europe.

Consumption Increases.

"The consumption in the United States has increased to an extraordinary degree in the year. From the 1918 crop of rye we will export about 270,000,000 bushels and, as the 1919 crop promises at least 200,000,000 bushels larger than 1918 it seems that we can export at the present rate of consumption about 470,000,000 bushels. The minimum export surplus from Canada, Argentina, Australia and minor countries may be estimated at 400,000,000 bushels while Russia and India may be considered out of the export list next year."

DISCUSS TRADE CONDITIONS AT MEET

WASHINGTON, June 3.—Discussion of trade conditions in Latin-American countries with addresses by Secretary Redfield and Ambassador Tudela of Peru were the outstanding features of today's sessions of the Pan-American meeting at the Pan-American Union. Secretary Redfield informed the congress he had suggested to the shipping board the establishment of two new steamship routes to South America, one touching northern ports and the other southern ports of the continent. The commerce secretary told the Latin-American representatives that unless the United States took steps to serve them their countries would fall, unless they served the United States; this country would fall and unless both serve the world, both would fall.

Development of commerce between the United States and the Latin-American countries, Ambassador Tudela said, must be brought about "thru the co-operation of merchants and men of business of the whole continent assisted by the administrative elements as well as by the representatives abroad of all the countries of this hemisphere."

BUYS AIRPLANE AND FLIES HOME

CHICAGO, June 3.—Harry Johnson, an aviator, of Denver, left Asburn Field, Chicago, at 8:45 o'clock this morning, in a Canadian Curtiss airplane with the intention of flying to the Colorado city. He purchased the machine here yesterday and expects to arrive in Denver about noon tomorrow.

Johnson carried two passengers and expects to make the trip with one stop.

VANDERLIP RESIGNS

New York, June 3.—Frank Arthur Vanderlip announced today his resignation as president of the National City bank. Mr. Vanderlip was elected president in January, 1909.

BELIEVE BOMB OUTRAGES HAD COMMON SOURCE

Police Working to Run Down Authors of Plots

[By The Associated Press] WASHINGTON, June 3.—Investigation of the bomb explosion in eight cities, which were intended to kill public men, has convinced secret service chiefs here that the outrages had a common source, and that they probably can be classed as an unsuccessful attempt on the part of a still unknown Anarchistic group to resume a campaign of terrorism begun with the May Day attempt to deliver a series of informal machines thru the mails out of New York.

Washington police today devoted their efforts to reassembling fragments of the man who was killed last night at the door of Attorney General Palmer's home while attempting to plant his cargo of explosives. Mr. Palmer himself dismissed the incidents today as "utter failure to terrorize the country and stay the hand of the government," which purpose he ascribed to the authors of the outrages.

Engaged in Hunt.

Police at New York, Philadelphia, Pittsburgh, Cleveland, New-tonville, Mass., Boston and Paterson, N. J., were engaged in the widespread hunt.

Detectives were sent from Washington to first two named cities in order to connect up operations.

The hat of the Washington bomb planters purchased in Philadelphia and other details indicated a possibility that the conspirators of explosives had been sent from there. Another connecting link, in the view of authorities here, was the similarity of the Anarchistic handbills found near the scene of the explosions in several cities.

Government experts on explosives, after surveying the site of the explosion here and the partially demolished dwelling, came to the conclusion that two separate bombs exploded, probably when the man carrying them tripped over a stone step at the entrance.

Refer to Outrages.

In both house of congress, members began the preparation of measures providing new and severe penalties for convicted perpetrators of such crimes. References to the outrages were made during debate in both houses.

Attorney General Palmer and members of his family took up temporary residence with friends in the city. Mr. Palmer himself personally directed commencement of repair work at his home.

Postmaster General Glyson in a statement tonight referring to published reports that he had received anonymous letters but at no time had paid the slightest attention to them, not even referring them to the inspectors division for investigation.

"The outrages of last night," said Attorney General Palmer in a formal statement, "indicate nothing but the lawless attempt of an anarchistic element in the population to terrorize the country and thus stay the hand of the government. This they have utterly failed to do. The purposes of the department of justice are the same today as yesterday. These attacks and the extension of our crime detecting forces. We are determined now as heretofore that organized crime directed against organized government in this country shall be stopped."

Expect to Arrest Maker.

Pittsburgh, Pa., June 3.—Arrest of the man who manufactured the bomb which exploded last night near the homes of Federal Judge W. H. S. Thompson and W. W. Sibney, chief inspector of the bureau of immigration, is expected soon by authorities. Police officials said tonight they had secured the name of the bomb maker from John Johnson, 35, president of the I. W. W. organization in Pittsburgh, who was arrested today after a fight with officers. Authorities said detectives are searching for the man, who is alleged to have come to Pittsburgh about ten days ago from Cleveland, Ohio.

In addition to Johnson a score of alleged radical agitators were arrested here today and are being held for investigation. Johnson, according to the police told the name of the bomb maker after he had been confronted by evidence, furnished by Miss Florence Becker, who gave the police a description of the bomb.

Debate Delays Final Action On Suffrage

[By The Associated Press] WASHINGTON, June 3.—Final action in the senate on the house resolution for submission of the Susan B. Anthony woman suffrage constitutional amendment was prevented today by debate, principally by suffrage opponents and by discussion of the peace treaty. The resolution was made unfinished business and it is believed that before adjournment tomorrow the last roll call will be reached with adoption apparently assured.

Will Insist On Vote.

When managers of the resolution, which was adopted by the house two weeks ago 394 to 89, gave up hope of a vote today, Chairman Watson of the senate woman suffrage committee announced that he would insist upon holding the senate in session tomorrow until the final vote was reached.

Senator Watson spoke less than a minute in support of the resolution. Senator Lenroot, Republican of Wisconsin also urged its adoption. Senators Reed of Missouri and Underwood of Alabama, Democrats and Borah, Republican of Idaho, made the principal addresses against the measure.

The senate rejected 57 to 17 an amendment by Senator Harrison Democrat of Mississippi limiting benefits of the proposed equal franchise to white citizens. An amendment by Senator Underwood, left pending when the senate adjourned would provide that popular state conventions instead of state legislatures should act on the proposed addition to the constitution.

Speakers against the resolution took as their argument that the franchise measure would abridge state rights and impair popular government. Senator Lenroot, in replying to Senator Borah, denied that popular government would suffer and asserted that it would be promoted instead.

Denounces Resolution.

In opposing the resolution Senator Reed denounced it as an "outrage on our form of government."

"It is as undemocratic a thing as ever was attempted," said the Missouri senator.

Militant suffrage workers were criticised sharply by Senator Reed who declared they "gloried" in jail sentences imposed for picketing the white house and other acts.

Senator Borah contended that ratification of the amendment by three-fourths of the states would override ruthlessly by "Prussianism" he termed it—the rights of a few opposing states. He brought up the negro question and declared that, even with adoption of the resolution, Negroes in the south would not be allowed to vote and that the constitutional amendment therefore would be "a solemn lie."

Senator Williams, Democrat of Mississippi said that the amendment would not become effective in the south but denied that Negroes are discriminated against at southern polls.

Advocating popular conventions to pass upon the proposed amendment instead of action by state legislatures, Senator Underwood said the constitution provides both methods, subject to the will of congress and that popular action would be a fairer method. The Alabama senator also inveighed against centralization of authority in the federal government and encroachment upon state powers. He declared the resolution involved not the question of women voting but whether the fundamental principles of local self-government should continue.

ORDER LINER TO BE READY TO SAIL

BREST, June 3.—The liner George Washington in which President Wilson has three times crossed the Atlantic has been ordered to be ready to sail on 12 hours' notice at any time after midnight June 5.

The Mount Vernon with 6,000 regulars from the Sixth division under command of Major General Walter H. Gordon, sailed this morning for New York. The Siboney and the Orizaba, each carrying 4,000 men of the Eighty-first division sailed last night for Newport News.

PUBLIC DEBT INCREASES

Washington, June 3.—The nation's public debt reached a new high mark of \$25,921,151,276 at the end of May an increase of \$1,096,640,750 during the month resulting from new issues of certificates of indebtedness and payments on victory loan subscriptions. Ordinary disbursements in May amounted to \$807,492,920, only slightly less than the \$1,068,203,020 in the same month last year.

MAY LESSEN SEVERITY OF HUN TERMS

Council of Four Discuss Hun Pleas and Protests

[By The Associated Press.] There is a probability that Germany may secure as a result of her strong counter-proposals some lessening in the severity of the peace terms of the allied and associated powers. Germany's pleas that it will be impossible to fulfill requirements of the allies and her protests against certain relinquishments have been heeded and are being discussed by the council of four. A Paris report has it that in certain quarters of the peace conference the German viewpoint is receiving strong support a full discussion of the German counter-proposals especially concerning reparations and other economic features of the peace treaty has been held by President Wilson and the staff of American experts of the American peace delegation.

France Wants to Change.

Great Britain is said to favor a number of concessions to Germany but France continues firm for the original terms. On the other hand the Americans are declared to be not adverse to minor concessions but are not in favor of going to the extent the British propose.

The German government is incensed over the formation of a Rhennish republic. It has ordered the arrest of Dr. Dorten, the president of the republic and also has protested to the peace conference and the armistice commission at Spa against the behavior of the French authorities in the occupied Rhineland. French support of the Rhennish republic is characterized by the German government as high treason against the empire. Strikes by dissatisfied Germans in the American occupied area called in protest against the formation of the republic ended quickly when the American commanders issued a warning against the movement.

Would Probe Alleged Pogroms

The supreme council has been requested by the Lithuanian delegation to the peace conference to have an allied commission investigate alleged pogroms and other illegal acts by the Poles in occupied Lithuania. An unconfirmed report has reached Copenhagen that Petrograd has been captured by Finnish and Estonian troops.

The head of the Austrian peace delegation has departed from St. Germain for Innsbruck, carrying with him the allied peace treaty.

Counter revolutionaries in western Hungary are reported to be arriving at the Austrian frontier towns, seeking safety.

Sweden and Denmark have followed Switzerland and Norway in declining to join a blockade against Germany in case Germany refuses to sign the peace treaty. Like Switzerland and Norway the plea is made by Sweden and Denmark that such action would be a violation of their neutrality.

URGE MODIFICATION OF PROHIBITION

WASHINGTON, June 3.—Modification of the war time prohibition law so the working man may have light wines and beer was urged today by representatives of organized labor at the first of the hearings by the house judiciary committee upon liquor measures.

Edgar Wallace, representing the United Mine Workers, and describing himself as a man who had worked 35 years underground said:

"The best majority of the men in my organization enjoy a drink," he said, "and it does them good."

Officers of the anti-saloon league said they would file briefs and ask to be heard later.

A PARKING SYSTEM

The map showing a new parking system about the public square presented before the Chamber of Commerce directors Tuesday night by H. L. Caldwell, is to be transmitted to the city council. The plan is one well worthy of consideration.

It would provide additional parking space, avoid the annoyance of parked cars immediately in front of business houses and also make it necessary for all cars to turn to the right. The suggestion, followed out, will aid in settling the difficulties of increased automobile traffic.

GETTING THE LATE NEWS.

The advantage which the down state papers have in late telegraphic service was again demonstrated yesterday. Copies of the city papers received in Jacksonville made no statement about the sensational bomb explosions in a

large number of American cities. The reason was that the story was not sent out until the editions of the city papers reaching downtown cities had gone to press.

The big city papers which reach Jacksonville usually contain telegraphic matter up to 9 or 10 o'clock of the night before. Readers of the Journal have telegraphic news received each morning until 2:30 o'clock and in emergency cases The Associated Press wire is held open until a later hour.

Subscribers of the Journal have the advantage of knowing that these telegraphic columns contain happenings recorded several hours after the metropolitan papers have gone to press.

THE WELFARE LEAGUE.

The Jacksonville Welfare League, purposing to create public sentiment to assist in enforcement of traffic ordinances, has not yet been actually organized. However, in some way the knowledge that such an organization is being formed has already been spread abroad, with the result that a request comes from Chillicothe, Mo., for the facts about the league.

The authorities there are having trouble with their traffic ordinance enforcement and want suggestions. It is a noticeable fact that either because of the pending formation of the welfare league and its moral effect, or because of the several fines recently imposed, there has not been nearly so much speeding in the past week as in previous days.

ONE MORE GRIEVANCE AGAINST THOMPSON.

It is now said that St. Louis has an excellent change of securing the next Republican national convention. One argument used

is that in these patriotic times the party should not hold its convention in a city with William Hale Thompson as its chief executive.

There would be a lot of people in Chicago who would like to charge Thompson with losing the convention for Chicago. The fact remains that the mayor is a member of the national committee and he will be a factor in settling where the convention shall meet.

A FITTING MEMORIAL PLAN.

One of the suggestions for a fitting memorial to the late President Roosevelt is that the name of the Panama Canal be changed to the Roosevelt Canal. In fact, a bill providing for this change has been introduced in congress. One of its strongest supporters is ex-President Taft. There is no doubt that Roosevelt's energy and activity while president had a great deal to do with the successful construction of the great ditch. The work was of a rugged kind which well typifies the ex-president's work and character.

THE FOSTER PARENTS OF CHILDREN.

It is gratifying to note how many magazines and influential newspapers are lending their support to the general movement to secure higher salaries for teachers. The Literary Digest is carrying a page ad in the metropolitan papers under the headline: "Justice for the Foster Parents of Our Children." It has been often said that teachers have greater influence on the well being of children than do the parents and when this is remembered there certainly should be a willingness on the part of the public to see that teachers are justly paid. Mere dollars cannot give them all the reward they merit but dollars can partially pay the debt that the parents thus owe.

Figures show that the average salary of teachers the country over is \$630 a year. When it is taken into account how much the average teacher must spend for special preparation it is easy to understand how inadequate this salary is. As already noted, the question of increasing taxes in Springfield for school purposes was recently before the people and was approved by a very decisive vote.

Rippling Rhymes By Walt Mason

Neglected.
Said Old Bill Jinx "I'm poor, I ween, and so I'm always slighted
I think my neighbors pretty mean, they burn each day their
gasoline and I am not invited. If they would say, "Bill, come and ride, enjoy a little outing," then joy would in my soul abide, en-
large my heart, expand my hide
—I would not sit here pouting."
Said I, "At six o'clock I'll come and take you for a journey; be ready then, you good old bum; thru woodland scenes we then shall hum by meadows lush and ferny." And just at six I toolied my creak to old Bill's toolied dwelling; my promptness seemed to give a shock. "Just wait, ten minutes by the clock," I heard this William yelling. Ten minutes then I waited there; I waited more than twenty, and I was sorer than a bear, for I had no cheap time to spare—I thought I'd waited plenty. Old Bill would like to have a ride, and breathe the evening zephyrs, and see the babbling streamlets glide across the verdant country side, where graze the spangled heifers. But he's too dense to realize that folks object to waiting; and so he stands around and sighs, and beefs about us moneyed guys and does a spell of hating.

Social Events

Birthday Party at Home Of Miss Mary J. Todd.

Miss Mary J. Todd of 122 East Morton avenue celebrated her seventeenth birthday Monday and entertained a company of friends Monday evening in honor of the event. The house was prettily decorated with spring flowers and several hours were spent in a pleasant way by the young people present. Miss Todd was the recipient of a number of handsome and useful gifts. During the evening delicious refreshments were served.

Strawn's Crossing Club.

The Strawn's Crossing Woman's club met Tuesday afternoon with Mrs. Dimmit Trotter, northeast of the city. There was a good attendance of members and a number of visitors. After the business session an interesting program was rendered, the principal items of which were a paper by Mrs. Charles Bealmeor on "The boys in the German prison camps," a paper by Mrs. Harry Foster on the "Re-Education of disabled soldiers." Mrs. Frank Breen gave an interesting review of her recent visit to New York City. Refreshments were served. The next meeting will be at the time of the annual picnic which will be held June 17 at the home of Mrs. Henry Strawn.

Missionary Society of Congregational Church Met.

The Woman's Missionary Society of the Congregational church met Tuesday afternoon in the lecture room at the church. Mrs. Harry M. Capps was the hostess of the afternoon. The program was in charge of Miss Mary Dummer, who presented a most excellent paper on "The Community Church." Following the program came a brief social time, during which tea was served. The attendance was very good in view of the unfavorable weather conditions.

W. F. M. S. Centenary Church Met.

A regular meeting of the Young Woman's Foreign Missionary society of Centenary M. E. church was held Tuesday evening at the home of Miss Minnie Wyatt, 812 Grove street. The unfavorable weather conditions interfered greatly with the attendance and it was not possible to carry out the program previously arranged. The young women present enjoyed several hours in a pleasant social way and the hostess served light refreshments.

SERVICES AT CENTENARY.

The regular prayer meeting of Centenary church will be held this evening at 7:30. The pastor will speak on "The Well of Living Water." Come and enjoy an hour of fellowship and inspiration. The official board will meet at the church to transact the monthly business of the church. Every official is urged to attend.

MRS. EDWARDS DIED AT SCOTTVILLE

Woman Well Known Here Passed Away Following Long Illness.

Mrs. Elias M. Parrott of 730 Hardin avenue was advised Tuesday morning of the death of her sister, Mrs. Charles M. Edwards, which occurred at the family home in Scottville at 2 o'clock Tuesday morning. The deceased had been in failing health for more than a year past and for the past seven weeks had been confined to her bed. She was born near Connersville, Ind., seventy one years ago, and at the age of thirteen years removed to Illinois with her parents.

Deceased was married fifty three years ago to Charles Edwards, who survives her. They were the parents of five children, three of whom survive their mother. They are Mrs. Elizabeth Keflinger, Alton; George Edwards and Charles Edwards, living near Scottville. The deceased children were Mrs. Frank Owens, who resided at Scottville, and Mrs. Ella Meyerstein of Roodhouse. The deceased is also survived by the following sisters and brothers: Mrs. Elizabeth Baker, Winfield, Kans.; Mrs. Harriet Alexander, Lincoln, Neb.; Mrs. Sarah Thompson, Cherryvale, Kans.; Mrs. Mary E. Parrott, Jacksonville; John Hill, Hoxie, Kans. She was preceded in death by the following sisters and brothers: Mrs. Martha Merriman, Godfrey, Ill.; Mrs. Caroline Vaughn, Nilwood, Ill.; Benjamin Hill, Sylvan Grove, Kans.; Albert Hill, Scottville, Kans.
Mrs. Edwards was a member of the Scottville Methodist church for the past fifty three years, and as long as her health would permit was a faithful attendant upon the church services. She was a woman of a kind and friendly disposition, always ready to help those who were unfortunate. Her home and family were especially dear to her, and her going will be deeply felt in the home circle.
Funeral services will be held in Scottville Thursday afternoon at 2:30 o'clock and interment will be made in the cemetery there.

DAMAGE SUIT IS NOW ON TRIAL

T. B. Orear Seeks to Recover on Account of Personal Injury—Light Company and City are Defendants.

In the circuit court yesterday Judge Jones began hearing the evidence in the suit of Judge T. B. Orear, brought against the Jacksonville Railway & Light Co. and the city of Jacksonville. This is a personal injury proceeding. Judge Orear claiming damages because of a fall he sustained after alighting from a street car on South Main street a number of months ago. It is his claim that the painful injuries which resulted were caused by the fact that bricks had been piled in a promiscuous way by the light company and scattered about the street.

Judge Orear is represented by Thompson & Thompson and the defendant by Bellatti, Bellatti & Moriarty and Worthington, Reeve & Green. The jury included Roy Covington, G. H. McKean, W. F. Kormsmeier, W. Baxter, Charles Schumaker, T. W. Gattens, Frank Spidel, R. E. Abernathy, W. Bourn, F. J. Garland, R. R. Wood and John Mutch.

In the assumpsit suit of Jean A. Martz vs. D. L. Gilpin, the court found the issues for the plaintiff and fixed his damages in the sum of \$10.

In the covenant proceedings brought by the same complainant against Mr. Gilpin, the issues were found in favor of the defendant. In the estate of Thomas Gaddis, in the ex parte proceedings, report of trustee was approved.

In the divorce proceeding of Oscar Williams vs. Ada Williams, the decree of divorce was granted the complainant in the cross bill on the ground of cruelty.

In the partition proceedings of John Wadsworth vs. Rachel E. Fisher the decree for partition was granted.

In the divorce proceedings of Lula M. Galtier vs. Chester I. Galtier the decree for divorce was entered on statutory grounds and the complainant was authorized to resume her maiden name.

In the divorce proceedings of Bernice Starr Edwards brought against L. M. Edwards, the court entered decree of divorce on the ground of desertion.

DORT

Quality
Goes Clear Through

The salient characteristics of the Dort can be summed up in three sentences.

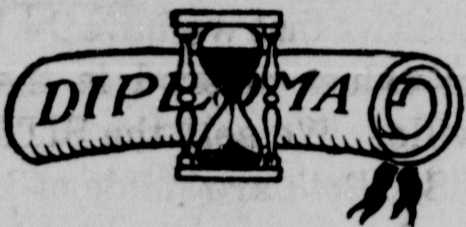

FIRST, it is a car that needs service-attention but very infrequently.

SECOND, when it does seem desirable to give the Dort a "going over" you can do it yourself easily, quickly, and inexpensively because of the marked simplicity and accessibility of Dort construction.

THIRD, its mileage per set of tires, gallon of gasoline, and quart of oil is perceptibly higher than common.

ANNA CASE AT LUTTRELL'S THURSDAY.

Anna Case, world-famous opera singer, known as "The American Beauty of grand opera prima donnas," will be seen and heard at Luttrell's on Thursday.

The title of the picture in which Miss Case appears is "The Hidden ruth and is a striking story, vividly portrayed, of the struggles and final triumphal success of a western mining camp girl. It is the first appearance of Miss Case on the screen. For years she was connected with the Metropolitan Opera company, taking leading parts, but like many stars of the stage before she could not resist the call of the camera, and indications strongly point that it will not be long until she is known as the Queen of the Silver Screen and hold a leading place in the hearts of the world's picture fans.

The best voice work of Miss Case has been preserved to future generations through the medium of the Edison phonograph, and through the courtesy of Brady Brothers, local distributors, one of Edison's "Three Million Dollar" machines will be placed in the theater by which the voice of Miss Case will be re-created for the audience during the performance.

WADE BACK AT WORK INSIDE OF A WEEK

His Troubles Were Soon Ended On Taking Tanlac—Hasn't Had A Symptom Since—His Quick Recovery A Surprise.

"Before I had taken Tanlac a week I was well and strong enough to go back to work," says W. R. Wade, a well known resident of Winfield, La.

"I had such a bad case of stomach trouble and rheumatism," he continued, "that I had to quit working. Everything I would eat disagreed with me and made me miserable all the time; my limbs and joints would ache so I could hardly stand it and, in fact, for a whole month before taking Tanlac I wasn't able to put in a full day's work, at all."

"One of my friends had been taking Tanlac and told me it had done him a world of good, so I got me a bottle to try. Well, sir I began to feel better from the first dose, and before the week was out I was back on my job and have been working right along ever since. I never saw anything before to give such quick relief as Tanlac and haven't had a single symptom of my trouble since started on it."

"Tanlac is sold in Jacksonville by Coover & Shreve; in Meredosa by R. B. Field; in Murrayville by M. E. Gilbert; in Waverly by the Wyle Drug Co.—Adv."

A MESSAGE TO MEN

Life Insurance has done more to abolish poverty than all the dreams of financiers or the acts of constructive statesmen.

During life it makes a man alive to his moral responsibilities; re-awakens in him love of home and pride of family; teaches habits of industry and thrift; quickens in his veins the corpuscles of ambition; lifts him from drudgery and despondency to a plane whereon dwell his successful fellow men; blesses him with self-respect and heartens him with sustaining hope. After his death, it solves the problem of ages: "What shall become of the widow and the orphans?"

It saves the devoted wife from penury and work; provides shelter, food, clothing and education for the children and spans the dark clouds of grief with a rainbow of security.

When the final hour comes, what thought can so solace the departing soul as to know that those nearest to him will not be left to the cold charity of the world?

An hour's delay may mean an eternity of regret. Protect wife and babies now.—Contributed.

Trail Leads to Philadelphia.
New York, June 3.—Working behind a close veil of secrecy, the police and federal agents here were bending every energy to-night toward the capture of the Anarchist or Anarchists responsible for the bomb explosion early this morning at the home of Judge Charles C. Nott, Jr., of the court of general sessions.

Discovery during the day of incendiary pamphlets near the scene of the explosion similar to those found in Washington and other cities where bombs were planted, removed all possibility for doubt that the New York explosion which resulted in the death of a night watchman was a part of the organized plot to spread terrorism.

Officials in charge of the investigation here intimated that, as was the case in the attempt in Washington to blow up Attorney General Palmer, the trail of the outlaws led to Philadelphia.

Find Copies of Circulars.
Paterson, N. J., June 3.—

Copies of the circular signed by the "anarchist fighters" found in various other cities where bomb explosions occurred late last night also were discovered today in this city, convincing the police that the radicals whose explosives wrecked two buildings here were investigated in a wide plot.

Pieces of the posters were found near the scene of the explosion. The police expressed the opinion that the bomb used here was swathed in these pink papers.

Evidence obtained during the day indicating that the bomb may have been intended for John J. Fitzgerald, secretary of the local chamber of commerce led the police to believe that the engine of death may have been planted by some of the radical element involved in the recent silk strike.

Quoted as saying he is certain the bomb was not intended for him as he is neither a capitalist nor connected with the silk industry.

WANTS MEASURE
DEBATED ON FLOOR

WASHINGTON, June 3.—Representative Mondell, the Republican floor leader, asked the house interstate commerce committee today to report the bill repealing the daylight savings act without recommendation.

He said since there was such a widespread interest in daylight saving, members were entitled to the privilege of "threshing the matter out for themselves."

The request was opposed by members of the committee who declared such action would be a relinquishment of their delegated rights.

Opponents of the daylight savings act made another unsuccessful effort today to include in the 1920 agricultural appropriation bill an amendment providing for the repeal of the act.

Chairman Haugen of the agriculture committee introduced the amendment and a point of order against it by Representative LaGuardia, Republican of New York, was sustained.

OPEN HEADQUARTERS.

Chicago, June 3.—Western headquarters of the association opposed to national prohibition opened today following a conference of representatives from nine middle western states.

URGES INDEPENDENCE
FOR THE PHILIPPINES

WASHINGTON, June 3.—Independence for the Philippine Islands was urged by Governor General Harrison today at a joint session of house and senate committees holding hearings on the memorial presented yesterday by the Philippine mission to the United States.

"I am glad to go on record and support most heartily the request of the Filipinos that this government grant them their independence," Governor Harrison said.

"They have established a stable government which meets the American requirements in every way."

Asked regarding possible exploitation of the Philippines by the Japanese, Governor Harrison said the Japanese question did not loom as large in the islands as in this country.

"The Japanese do not take kindly to life in the tropics," said he "and I do not believe they ever could attempt to colonize a tropical country."

GODDARD RESIGNS

Chicago, June 3.—LeRoy A. Goddard today resigned the presidency of the State Bank of Chicago to become chairman of its board. He said he wanted a few years to enjoy with Mrs. Goddard after forty active years of banking. He was first secretary of the first meeting of Illinois Bankers when the Bankers' association of Southern Illinois was formed in 1884, afterward merging with the present state organization. At that meeting he introduced a resolution against making loans to customers for speculation.

BURGLARS MISS
MILLION DOLLARS

CHICAGO, June 3.—One million ten thousand dollars in currency was missed by twenty-four hours when thieves lowered a 260 pound steel safe from the fifth floor of army headquarters building down the fire escape early Sunday morning, it became known today.

Government checks for \$1,000,000 to pay soldiers being mustered out at Camp Grant and for \$10,000 to pay off Chicago and Fort Sheridan employees were cashed last week and disbursement began.

Apparently the thieves knew the checks were cashed but not that the money had been sent to the army paymasters.

129 INFANTRY
UNDER QUARANTINE

CAMP GRANT, Ill., June 3.—The entire 129th infantry, which reached here for demobilization last night is under quarantine today as the result of the death of Private Edward Johnson, of Belvidere, Ill., who died at Camp Merritt, N. J., from spinal meningitis. Soldiers who came in contact with the victim are under observation in the base hospital. The other members of the regiment will be eligible for discharge after tonight, according to Col. Peter C. Field, camp surgeon.

SUB CHASER AT ST. LOUIS

St. Louis, Mo., June 3.—Submarine Chaser BO-3, advanced guard of an anti-submarine fleet, is cruising water of the Mississippi Valley in the interest of naval recruiting arrived here late today and was given a noisy welcome. EXPECTS SURPLUS OF JOBS

Chicago, June 3.—Secretary of Labor Wilson in an address to-night declared a shortage of 1,400,000 workers would exist if the country was back to full pre-war activities, and he expected there would be a surplus of jobs. He urged that capital and labor take counsel with one another.

"It is folly for business men ever to undertake an industrial war," he said and appealed to employers to "use no force, for force will overthrow a democracy and is treason to the masses."

AVIATOR REACHES PARIS.

Paris, June 3.—(Havas).—Lieut. Commander A. C. Read, who recently piloted the American naval seaplane NC-4 from Newfoundland to Plymouth, England; accompanied by Rear-Admiral Plunkett, Commander John H. Towers of the NC-3, Lieutenant Commander P. WEDDING SERVICE AT MINISTERS HOME

Miss Bertha Anderson Weds Henry C. Goebel—Left Tuesday Night for Brief Wedding Journey.

The marriage of Miss Bertha Anderson and Henry C. Goebel occurred at 7:30 o'clock Tuesday evening. Rev. W. H. Marbach, pastor of State Street Presbyterian church, officiated, the ceremony being at his home on Caldwell street with only the necessary witnesses being present. Mr. and Mrs. Goebel left on the 9 o'clock Wabash train for a trip to Chicago and Detroit. They will return to Jacksonville in about ten days and will be at home at 287 Sandusky street, the residence property Mr. Goebel recently purchased.

Mrs. Goebel is the daughter of Mrs. Margaret Anderson of Pisgah precinct and for a number of years has made her home here in Jacksonville with her sister, Mrs. H. W. Dorwart. She attended the public schools and later was a student at Illinois Woman's college. More recently she has been a bookkeeper in the Ayers National bank. Mrs. Goebel is a young woman in every way estimable and has the very high opinion of her friends.

Mr. Goebel is the son of Mrs. Catherine Goebel and is the resident manager of Armour Grain Co. He is a citizen of worth and stability. Mr. and Mrs. Goebel will have the good wishes of a wide circle of friends.

BANKERS COME THURSDAY

The meeting of Group 8 of the Illinois Bankers' association will be held in Jacksonville Thursday. Headquarters will be maintained at Odd Fellows temple on East State street. Registration will take place from 9 until 10:30 o'clock, when the morning session will be held. Lunch will be served at the temple and the afternoon program will begin at 2 o'clock. C. A. Johnson, who is chairman of the committee in charge of arrangements, indicated yesterday that the I. B. A. special, carrying Chicago bankers, will reach this city over the Burlington at about 7 o'clock, Thursday morning. These visitors will have breakfast at the Peacock Inn. They will lunch at the Odd Fellows temple and will have dinner at the Inn in the evening. They travel in a special car which will probably be attached to the Hummer at 1:32 o'clock Friday morning as Pontiac will be the next city the Chicago men will visit.

The program as arranged for the bankers of Group 8 shows many subjects of interest and a large attendance is expected.

WILL BRING WELSH BRIDE TO THE CITY

Relatives here have been advised that Chester McGloshen, of the U. S. Marine corps, with his Welsh bride, will arrive here at no distant date for a visit with relatives and friends. Young McGloshen is with the 36th company U. S. Marine corps. He left this country in September for Liverpool, and since that time has been stationed at Cardiff, Wales. It was here that he met his bride and their marriage occurred Jan. 25.

Young McGloshen is now at Quantico, Va., but expects to get leave shortly to go to New York to meet Mrs. McGloshen, who is due to land at Hoboken within a few days. The Jacksonville man expects to receive his discharge from the service at a comparatively early date and he and his bride will then probably make this city their home.

JOS. DEGOVEIA HAS TRINITY CHURCH CONTRACT

The building committee of Trinity Episcopal church yesterday let the contract for the erection of the new church building to Joseph DeGoveia on his bid of \$41,000. His figure is for the building exclusively and does not include any of the furnishings. A force of workers was engaged yesterday in removing the brick from the foundation of the old building and the work of erecting the new edifice will proceed as rapidly as possible.

AN ENEMY OF WOMANHOOD

The complexion, digestion and almost the complete personality of woman are dependent upon health. Woman's ills are her great enemy, as they cause bad complexion, dark circles under the eyes, headache, backache, nervousness, sleeplessness, dragging down pain and the blues, and often totally unfit her for a companion. The great American remedy for such conditions is Lydia E. Pinkham's Vegetable Compound which has been restoring three generations of ailing women to health, and may be relied upon with perfect confidence.—Adv.

The Ayers National Bank WILL BUY YOUR LIBERTY BONDS AT PAR

On the following conditions:

1. The entire proceeds are to be deposited in our Department for Savings at 3 per cent per annum, payable semi-annually
2. The deposit is to remain intact for one year, at any time after which 25 per cent is subject to withdrawal; the 75 per cent is to remain a second year, after which it is subject to withdrawal.
3. The purchase from any one seller will be limited to \$5,000.

We Make This Proposition Because—

1. We believe that some people are selling their bonds at ruinously low prices because they fear a further decrease in price and the eventual loss of part of their savings.
2. We believe that these bonds are intrinsically worth par and are prepared to back up our opinion in this way.
3. We wish a large number of people to know the advantages of our Department for Savings.

The net result of the above operation will be that you will be absolutely sure of receiving par for your bonds and will be in the same position as if you sold the bonds on the market today and redeposited your savings in a savings bank, with the additional advantages that you will receive for your bonds the full price paid for them and avoid a loss of from \$5 to \$6 on every \$100.

A FINE RECORD AND ROMANTIC EPISODE.

One of the young men of whom Jacksonville has good reason to be proud is Ralph M. Hudson who enlisted in the army May 4, 1917, and served in various camps and cantonments till May 20, '18 when he sailed for the battle front and saw active service in good and sufficient measure. He first went in with Co. B, 5th, Ill. infantry, so well known here, and later was transferred to 33rd military police Co., Aug. 5th he began to take part in the severe fighting and was continuously engaged in it till Nov. 11. He was in the Somme, Argonne and all the major offensives and came through unhurt though many about him felt some wounded and some to rise no more. He bravely bore his part in all this and

has a fine record. After Nov. 11, he was moved to Diekirch, Luxembourg and there the brave young soldier who had many times fairly heard of the monster death toll a victim to the little god cupid who attracted him to a fair and lovely lassie, Miss Anne Noeren. His attention and feelings were re-erected and in due season they were married and arrived in this country at the home of his grandmother, Mrs. E. M. Decker, 236 East North street. His charming wife has made a fine impression on all whom she has met and she will surely be a faithful helpmeet.

J. W. Miller of Decatur was a business visitor in the city yesterday returning home Tuesday evening.

DIPLOMAS GIVEN AT SCHOOL FOR DEAF

Annual Commencement Exercises Held Tuesday—Address by Rev. Mr. Hasenstab.

A large audience gathered Tuesday afternoon in the chapel at the State School for the Deaf for the annual graduating exercises. Diplomas were granted to a class of four, H. T. White, as managing officer, presenting the diplomas. The address of the afternoon was delivered by Rev. Philip J. Hasenstab, a well known minister to the deaf and an excellent musical program increased the interest in the occasion. The orchestra from the School for the Blind gave several numbers, having remained over a day after the close of their own school in order to take part in the program. As a mark of appreciation of this service the members of the graduating class sent a letter of thanks to the School for the Blind and it was transcribed into Braille and a copy given to each member of the orchestra.

"Aim and Achieve" was the class motto and the words, wrought in the class colors of orange and blue, had a conspicuous place above the platform. The floral decorations had been arranged by Miss Upham and students from the art department and the platform was radiant with peonies and oriental poppies from the school garden. After a musical selection by the orchestra prayer was offered by Rev. A. A. Todd, pastor of First Baptist church, then came the address by Rev. Mr. Hasenstab, and it was interpreted in a very beautiful way by his daughter, Miss Grace Hasenstab, who yesterday graduated from Illinois Woman's College.

Beginning Life. Rev. Mr. Hasenstab, who is a graduate of the Indiana School for the Deaf and of Gallaudet college in Washington, was for some time a teacher here. Later he became a missionary to the deaf of the central west and for several years has been pastor of the largest church for the deaf in Chicago. He said that the term "true education" takes into account the mental, physical and moral well-being of the pupils. He expressed the hope that some of the group of hearers would be able to go to college, but if they were not able to take further educational work he urged them to enter upon life in an earnest way—not to start out feeling that because of the lack of speech or hearing they were badly handicapped, but to take advantage of the opportunities that have been offered and will be offered.

"The education of the child," he said, "begins in the early days before it ever enters school. That education is worth while which leads to right ideals and without right ideals there is little in life that proves worth while. Some people have the idea that only money counts, but when they come to a true knowledge of life they find that money has its value only as it is rightly used and becomes a means to an end. Some people have an idea that power is the only thing worth while, but they later learn that unless this power is well used, that it is no benefit to them or to the world."

A Varied Program Following the address a song, "Whispering Hope," was given by the sophomore class with a violin accompaniment by Mr. Fred Meyers. This number was especially impressive. Miss Wood gave the lines in spoken language and Mr. Putnam in signs, while members of the class with rhythmic pantomime presented the thought of the song. The violin obligato by Mr. Meyers made the whole number especially effective.

Miss Mary Wagoner was the valedictorian of the class and the subject of her essay was "The Blind Deaf." It was a very thoughtful essay and the speaker closed with appropriate farewell words to members of the faculty and the class. The recitation, Kipling's "Children's Song," was given by the members of the senior class in graceful sign language which well conveyed the thought.

Mr. White as managing officer presented the diplomas, expressing on behalf of the department of the good work done by the pupils and for the interest they have shown thru the years. The graduates and their essay themes were as follows:

The Art of Printing—Harry Edward Keesal, Chicago.

The Weather Bureau—George Douglas Murphy, Chicago.

The Blind Deaf—Mary Henrietta Wagoner, Jacksonville.

Wheat—Walter Basil Whetstone, Blufford.

Our Calendar—William Isaac Willis, Pekin.

Two musical selections from Nevin, "The Venetian Love Song" and "The Gondolier's Song" were given by the orchestra and the interesting program was closed by the benediction by Rev. Mr. Todd.

ENSIGN HILL HERE

ON FURLOUGH

Ensign Karl Hill, son of Mr. and Mrs. John R. Hill of the Cherry Apartments, arrived in the city Tuesday on a ten day furlough.

Ensign Hill's visit at this time was particularly due to his desire to attend Illinois College Commencement exercises. His headquarters at present are New York City, his ship, the U. S. Transport "Sixalo" being held in that harbor.

SERGT. WEBER SAW MANY BATTLE FRONTS

Work of Supplying Ammunition Dumps Took Him Over Wide Area.

Ordinance Sergt. Carl H. Weber who has just returned to Jacksonville from overseas service, was with the first army ammunition section engaged for a number of months in supplying ammunition to fifty three "dumps" principally in the Toul sector. Sergt. Weber went overseas last July after finishing his training at the ordnance school at Augusta, Ga., and after arrival at Brest was sent to Mehun-Sur-Yerve. After spending but two or three days there he was sent to the front with the ammunition section and engaged in the work of forwarding ammunition to the dump on the Argonne, St. Mihiel, Toul, Verdun and Sedan fronts.

The work of Sergt. Weber was such that in traveling about from front to front he had wonderful opportunity for observing the battle fields. Subsequent to the signing of the armistice to the ammunition section was assigned the task of clearing up the first ammunition area. Sixteen hundred men were engaged in this work until March 31. It was their duty to gather up ammunition which had been placed in "dumps" and not used and then to place this ammunition in storage. Where unexploded ammunition was found scattered about the field it was their duty to collect and explode these missiles.

At no time was Sergt. Weber in Germany as his work both before the signing of the armistice and afterward, was on the various fronts in France. He returns to Jacksonville heavier in weight and better in health than when he left and with a great fund of experience valuable in many ways.

Jacksonville Chapter No. 3 R. A. M. will hold a special convocation this evening at 7:30. Work. Visiting companions welcome. Wm. Fairlee, E. H. P. John A. Phillips, Secretary.

MERRITT AID PROSPERS

The Ladies Aid Society of Merritt Methodist church held its annual all day reunion at the church Tuesday. Despite the weather one hundred or more members and friends of the society were present. An elegant dinner was served, consisting of baked chicken and all the appropriate accompaniments including a bounteous supply of most delicious cakes.

Tuesday's meeting was the culmination of a three months' membership campaign which has practically doubled the society's membership and added greatly to the interest in all its lines of work. While the dinner was served, nearly \$50 was added to the funds of the society in donations and dues.

An interesting feature of the occasion was the burning of a note for several hundred dollars, representing the indebtedness on the dining room and kitchen which the ladies some time ago added to the church building. Mr. James Campbell, who had held the note, and who, in addition to loaning them the money without interest, had made a liberal donation on the principal, was present as a guest of honor, and the ladies showed their appreciation of his generosity by giving him a vote of thanks and also elected him an honorary member of the society for life.

The Merritt Aid is one of the most active and successful ladies' aid societies in this vicinity, and is planning larger things than ever for the advancement of the interests of the church and community will be the purchase of an acetylene light plant for the church. Most of the money for this purpose is already on hand, and it is expected that the plant will be installed and in operation before many days.

RESOLUTIONS FOR MR. WATT

Whereas—Through the ravages of disease and affliction, the life of our beloved brother James R. Watt, has been separated from the mortal body;

Therefore: Be it resolved that the Loyal Men's Bible Class of Central Christian church, being still mindful of the splendid service rendered by Brother Watt during the past years, express to the bereaved wife and son our sincere sympathy, and that we shall send to them a floral token to remind them of our appreciation of his service and fellowship, and to assure them of our kindly interest in them and our united prayer for them.

STOLE HIS CHICKENS

Walter Bourne of Shiloh vicinity was down to the city yesterday. He was burned out not long since and took possession of a place not far distant but didn't remove his chickens when some scoundrel made way with thirty of them one night recently. Stealing from a man in such a case is doubly mean.

TALL BLUE GRASS

There is at the Douglas hotel a bunch of blue grass four feet nine and one-half inches long. It grew on the farm of John Snyder near Alexander. The wet, warm weather has caused grass to grow wonderfully fast and farmers are getting anxious regarding the wheat.

COMMITTEE WILL SEEK TO AID HOTEL PROJECT

President Frisch of Chamber of Commerce Brought Several Important Matters Before Directors Tuesday Night—New Parking Plan Suggested.

A regular meeting of the directors of the Chamber of Commerce was held Tuesday night in the rooms in the Hockenbush building, with Henry Frisch president presiding. Secretary W. D. Doying was present and nearly all the directors answered to roll call.

Announcement was made of the chairman of several committees as follows:

Promotion—T. A. Chapin.
Finance—C. A. Johnson.
Rural Affairs—H. L. Caldwell.
Transportation—F. J. Blackburn.

Several matters of importance were brought to the attention of the directors. The new hotel project was given some consideration and the president was requested to appoint a special committee to look into the matter with reference to site, plans and finance and to make a report at a later session. The membership campaign as planned was approved. Circular letters are to be sent out to a large number of citizens urging the need and advantages of a Chamber of Commerce and later if necessary there will be some personal work. L. T. Potter is chairman of this committee. A suggestion was made by Cleon Bell with reference to showing an increased local interest in the affairs of the Clover Leaf Life Insurance company for the purpose of benefiting the Chamber of Commerce and this matter was referred to the membership committee.

Parking Plan Suggested. H. L. Caldwell displayed a drawing of the public square which had been made to suggest a new system of parking. Mr. Caldwell's idea would be to park cars against the curbing of Central park on the east, north and west sides, as is done now except to place the cars at a definite angle instead of backed squarely against the curb. He had also outlined space in the center of the paved portion of the square at the same angle, where cars could be parked instead of against the curbing adjacent to the business houses. In this way there would be adequate space for 216 cars, merchants will be saved the annoyance of having the space directly in front of their places of business blocked with the parked cars. At the suggestion of H. M. Capps this plan will be transmitted to the city council as a suggestion for solving the parking question on the public square.

Mention was made of the coming of a train of automobile trucks June 12 and the matter of making arrangements for the visitors was referred to the transportation committee. Some matters of public interest were discussed in an informal way before the hour of adjournment.

LOST MONEY RECOVERED

Mrs. George W. Brady was unfortunate Monday in losing a check book with \$44 in currency in the inside pocket. She was fortunate, however, in the fact that this money was found by an honest lad, James Murgastroyd. He saw the lost money advertised and promptly brought it to the Journal office and was returned to the rightful owner. It is worth while to say in passing that lost money is infrequently recovered, much more so than is the case with jewelry or other lost articles. The lad received a suitable reward.

ILLINOI LODGE ELECTS

At the regular meeting of Illinoi Lodge No. 4, I. O. O. F., held Tuesday evening, an election of officers was held with the following results:

Noble Grand—John Peterson.

Vice Grand—D. D. Sibert.

Recording Secretary—Thomas Harber.

and the Farmer**

THERE is no general class of men who understand so thoroughly, and appreciate so well, the service rendered by the Standard Oil Company (Indiana) as do the farmers of the Middle West.

Wherever he may live the farmer is as familiar with the dark green tank wagon as he is with the conveyance which brings the mail carrier. He knows that his requirements of petroleum products will be provided.

He depends upon the service rendered by the Standard Oil Company (Indiana), confident that the company will deliver to him whatever products he needs, when he needs them, and at a price which is fair.

During the past two or three strenuous years the farmer of America has carried the responsibility for feeding the world. Every hour of every day he was busy, and every minute was precious.

To multiply the effectiveness of his own and his employees' labor, he installed modern equipment—tractors, trucks, cultivating and harvesting machinery.

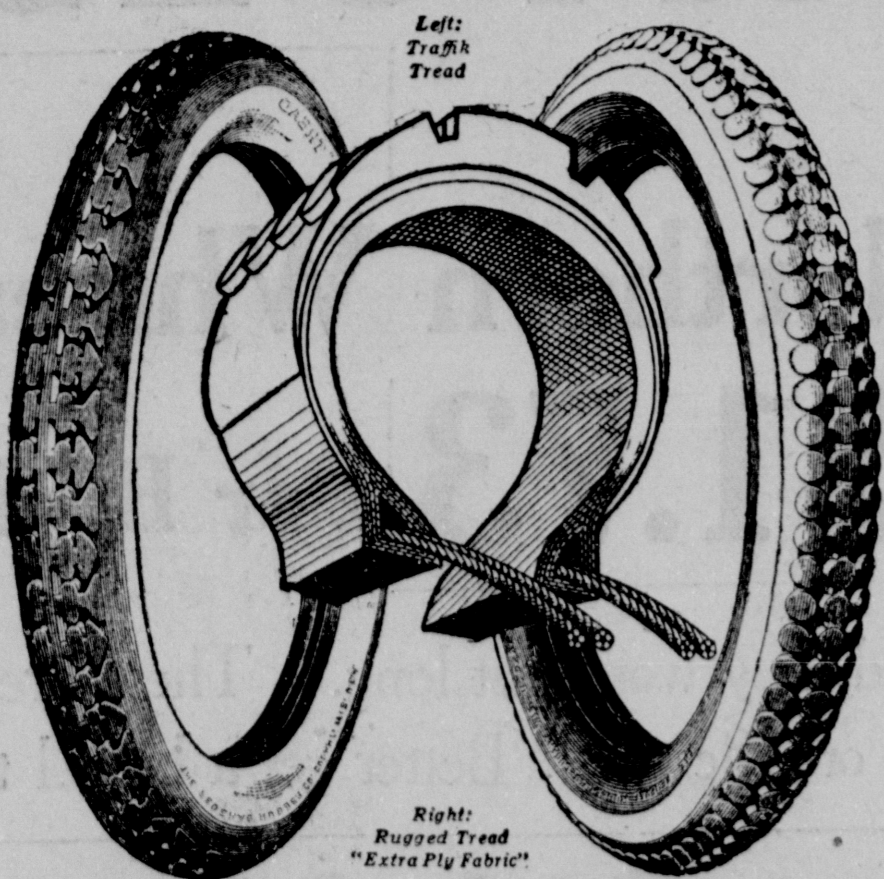

To run these machines gasoline, kerosene, lubricating oils, and greases were absolutely necessary. To get them the farmer would have been forced to take hours of time going to town were it not for the distributing facilities of the Standard Oil Company (Indiana). The company brought the products he needed to the farm, even to the tractor in the field.

It is this kind of service which has brought the farmer and the company into such close and such friendly relations. It is this kind of service which emphasizes the usefulness of the Standard Oil Company (Indiana) as a public servant.

**BUSINESS SESSION AT
WOMAN'S COLLEGE****Trustees and Visitors of Institution Held Conference—Records Show Satisfactory Conditions.**

The annual meeting of the board of trustees and visitors of Illinois Woman's College was held Monday. The session began at 10 o'clock and continued on thru the noon hour until 4 o'clock in the afternoon. Dr. T. J. Piner, for many years president of the board presided and reports of President Harker and various officers of the board were read and approved. There were a number of matters which brought about more than the usual amount of discussion and this fact accounted for the length of the session.

Among the non-resident trustees and visitors were Mrs. Mary Blackstock, Springfield; J. E. MacMurray, Chicago; Rev. T. J. Bassett, Indiana; Rev. W. I. Terhune, Vandalia; Rev. A. C. Piersol, Bloomington; Rev. C. R. Morrison, Chestnut; Rev. E. M. Antrim, Springfield.

Resident trustees and visitors present included Mrs. E. C. Lambert, Mrs. Lillian King, Mrs. F. H. Rowe, E. E. Crabtree, Edmund Blackburn, Charles P. Gillett, Rev. E. L. Pletcher, Rev. F. B. Madden, Rev. G. W. Randle, Rev. W. R. Leslie, Rev. J. O. Kirkpatrick, Rev. G. T. Wetzel, Dr. F. M. Rule, Rev. P. C. Reed.

For the alumnae association Mrs. E. C. Lambert and Mrs. F. H. Rowe gave reports and Mrs. Lambert presented a memorial for Mrs. Jennie K. Ward, so long actively associated with the work of the Woman's College. In recognition of Mrs. Ward's worth and work the trustees and visitors stood a moment in silence.

The report of E. E. Crabtree, as treasurer showed the condition of college finances as to endowment and current accounts, and report of the audit of the college records which was made by R. A. Gates was submitted and approved. Dr. Piner was re-elected president of the board and the same action was taken with reference to other officers who have been serving. Rev. E. L. Pletcher and Rev. F. A. McCarty were announced as new members of the board of trustees. J. E. MacMurray and Rev. E. L. Pletcher were elected members of the executive committee. Dr. McCarty was added to the auditing committee.

The report of the president indicated the close of a successful year, altho the months have been

beset by many difficulties which faced all educational institutions in common. It was indicated too from facts presented that the prospects for the coming year are excellent, the enrollment already being much larger than at the same time last year.

The conference visitors report this year was quite brief but mentioned particularly several important matters, all of which were discussed at length by the trustees and visitors. The report approved the plan of having a vice-president and commended the selection of Rev. C. A. Nyman for that post. Recommendations included one for the raising of \$20,000 for current expenses, together with recommendations that 1,000,000 should be sought for additional endowment and \$250,000 for new buildings in accordance with the report made by the educational commission.

**MEMORIAL SERVICES
AT CONCORD**

Services Held at Christian Church Friday Afternoon Largely Attended—H. H. Bancroft Made Address—Children's Day at Christian Church—Other News Notes.

Concord, June 3.—Memorial Day was observed here in accordance with our announcement of two weeks ago. The service was held at the Christian church at 2 o'clock. After the opening song by the audience and a song by the choir, Rev. C. A. Fairchild offered prayer. Ernest Sanders then gave a solo in a very acceptable manner. Chairman P. R. Leonard then introduced Hon. H. H. Bancroft, who delivered an address full of interest to all present, both young and old, veterans, young soldiers and civilians. He paid a splendid tribute to the old soldiers of the Civil War, and made several quotations from speeches by the immortal Lincoln. Mr. Bancroft has a happy faculty of telling his audience what they are pleased to hear, and apt to remember. After the address, S. Smith and Miss Alma Yeck sang in a very pleasing manner. Our former friends were represented on the program by a reading from James Whitcomb Riley, by A. F. Brockhouse. It was well received, as Mr. Brockhouse never fails to please an audience. The roll of our honored dead soldiers was then called by G. T. Lewis. R. E. Abernathy then gave a solo in a very pleasing manner. Song by a male quartette, composed of G. F. Lewis, Bert Way, S. M. Smith and C. O. Bayless.

The church was completely filled and some from a distance were in attendance. A delegation then went to the cemetery and decorated nearly 50 soldiers' graves. Rev. Thomas Symons offered a prayer and benediction.

Children's Day was observed at the Christian church on Sunday morning at 11 o'clock. The children had been well trained for the occasion. They sang and recited in a way to bring forth well merited approval by the audience. M. O. Smith made the opening prayer and S. M. Henderson dismissed the audience with a short prayer. The collection taken up amounted to \$17. The birthday money would be added to the collection. This service was well attended by the entire village and community because it is a rule in this town to give all children's day services the "right of way." In the evening the M. P. Sunday school gave their program and here again the children came forward with another service equally pleasing and meritorious. Rev. C. A. Fairchild made the opening prayer and gave the benediction at the close after the audience had sang America as the closing song.

A cantata was given by the young folks at the M. E. church on Saturday night. A supper was also given at the close. A. D. Burbank of Springfield attended the memorial service. Mr. Burbank was born and raised in Concord and comes back on May 30th most every year. He is now a prominent business man in the capital city. His father was an old veteran.

Marion and Howard Henderson of Jacksonville were visiting their old home on Sunday.

Nicholas Welser is visiting A. G. Brockhouse and other relatives. He had been living in Missouri, but since the death of his wife he has sold out and quit farming.

Mrs. Ethelyn Plank went to Concord on Sunday morning to attend the Children's day services and became indisposed. She is not well yet but hopes to gain strength soon.

During the thunder storm on Friday evening, Loyce Plank was knocked down by a thunder bolt striking near by. He was in the field at work at the time. No injury resulted however, but a shock.

Strong, Forceful Men With Plenty of Iron In Their Blood—

These Are The Ones With The Power and Energy To Win

"Many a capable man or woman falls just short of winning because they don't back up their mentality with the physical strength and energy which come from having plenty of iron in the blood," says Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital. "Lack of iron in the blood not only makes a man a physical and mental weakling, nervous, irritable, easily fatigued, but it utterly robs him of that virile force, that stamina and strength of will which are so necessary to success and power in every walk of life. It may also transform a beautiful, sweet-tempered woman into one who is cross, nervous and irritable. To help make strong, keen, red-blooded Americans there is nothing in my experience which I have found so valuable as organic iron—Nuxated Iron." It often increases the strength and endurance of weak, nervous, run-down people in two weeks' time. Unlike the older inorganic iron products it is easily assimilated, does not injure the teeth, make them black nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed in this city by all good druggists.

WILLARD BEGINS INTENSIVE TRAINING
TOLEDO, O., June 3.—Jess Willard began four weeks of intensive training today for his heavyweight championship contest with Jack Dempsey here July 4th and the 500 persons who watched him in his first public workout since leaving California left his canvass-enclosed ring in astonishment over the apparent excellent condition of the champion.

There was little, if any, extra weight on his huge frame; his wind was good and his skin glowed. He settled down to his training grind good naturedly which indicated, according to experts, that he had been constantly training for several weeks. When Willard appeared in the ring it was noted the rolls of fat he packed some months ago had been completely wiped out by hard exercise. After some shadowed boxing the Giant boxed three rounds with Jack Lavin, a veteran light heavy weight from Cleveland. Willard snapped over a left hook in the second round that sent Lavin reeling thru the ropes. After the workout, Lavin, who also has boxed with Dempsey, said he was stung by the punch, although Willard pulled most of them. Willard also boxed with surprising skill and speed, blocking punches to his mid-section with his elbow and fore-arms and slipping blows to his chin. Sergt. Walter Monahan who trained Willard for his championship match with Jack Johnson at Havana, arrived tonight and with Jack Hemphill, the coast heavy-weight will work with the champion tomorrow.

Dempsey did not work today, but idled away the time, swimming and playing around his camp. The challenger will resume his conditioning grind Saturday.

COMMENCEMENT AT WOMAN'S COLLEGE

Seventy-third Commencement Exercises Held—Address by Rev. Dan B. Brummitt of Chicago—Dr. Barker Presented Diplomas

The 73rd commencement of the Illinois Woman's college is a matter of history and was an occasion of unusual interest. The presence of the young ladies was truly inspiring and all the exercises were fully in keeping with the worthiness of the occasion. To the stirring strains of the organ the academic procession entered and the audience heard the invocation by Dr. Piersoll after which the passages of scripture which have been the daily food of the young ladies were repeated and after a solo "With Verdure Clad" sung in a fine manner by Miss Rena M. Lazelle, Dev. Dan B. Brummitt, editor of the Epworth Herald, delivered the commencement address and it was indeed good, unique, original, full of good things and not tedious. He said in part:

It would be useless for me to offer you fatherly advice for it would either be an impertinent repetition of what you have already heard or too late to do you any good. Some persons passing thru the art gallery in Chicago stopped before the mutilated statue of "Winged Victory" when a little boy remarked that there was a woman without any head whomupon his wise sister told him that was art and didn't need a head.

Now we find many classes lacking some important member. There is the flag waver who preaches the doctrine of hate. There is the man in the past few years who has amassed a fortune with his motto taken from Cicero "See et tu um." And it will be asked where is his conscience? and the reply will be that he needs no conscience in business.

Here are the imitation Bolsheviks who talked loudly keeping barely within the law; said the late war was caused by the capitalists. Scan them closely and see they have no shoulders. They carry none of the burdens of society; they are the workless brand of pacifists.

They will soon be setting aside know everything. They will tell you Moses didn't write the pentateuch because he didn't write the last chapter of Deuteronomy. They class the old testament as

a collection of traditions and cast aspersions of the book of John. They will soon be settling aside the whole of the new testament. They say Billy Sunday, F. B. Moyer and men of that class are mob psychologists. You will say that is a strange kind of religion, but the fact is they have no heart. The modern religion is scholarship.

Then there is a group who annual responsibility and say if a man is truly converted all is done and he can live anywhere and do anything and endure all hardships. Those people have no eyes. Here is a young woman who has graduated from a finishing school. She knows the latest dances; her clothes are a strange combination, ordered from somewhere. She has a slight knowledge of French; she has made a pastel copy of Pharaoh's horses which might have to be labeled; she has studied the cook book enough to know how to make fudge; she is a fine piece of furniture but in daily life helpless destined to make some man unhappy; she has no hands.

What now is needed in this busy day? We need an intelligent patriotism for without it there is no help for the republic. Business without conscience is evil; when a man is taught to get all and give nothing he is far short of his calling. We need business men with conscience; we want employers and employees who are willing to arbitrate and give and take.

I have no use for the so-called conscientious objectors who go to prison in a pretended blaze of glory. Great causes sometimes need martyrs but not martyrs of that kind. There are those who do not believe in war but who gave their means and their sons to the cause and they are the ones I venerate.

I believe in scholarship but not in an exploded creed which would shut the gates to others. I do not believe in a critical scholarship which is a half way station to a godless world. When the old testament is called a medley of stories from unreliable sources; then the new testament will begin to disappear and we shall next dispense with the Creator Himself. The doctrine which would discredit that which we hold most precious has no eyes.

We should ever seek the truth earnestly, faithfully, honestly but always remember that

The church's one foundation Is Jesus Christ, the Lord
Your orthodoxy, your search for truth must fit to the character of Christ. True education fits one for the duties of life. God has called us all to do His work and in that is the greatest joy and most noble reward.

The superb address was received with greatest satisfaction and hearty applause. The class hymn was sung and then came the presentation of certificates and diplomas and conferring degrees as follows:

Dr. Barker referred feelingly to Mr. and Mrs. Hazenstab, students at the State School for the Deaf. He had made a pleasant friendship with them there and later Mr. Hazenstab had become the bishop of the people of his class. When their first child, a daughter, was born the father said she should attend the Woman's College. They had three more and the oldest is one of the graduates today; another is in the freshman class and the younger ones will doubtless be enrolled here.

Some time since it was decided that the college should have a million endowment. The fund is increasing by gifts and wills as well as by annuities to a good portion of that amount and now the friends say it must be two millions.

He said it was a matter of congratulation that the college had done so well notwithstanding the effects of the influenza. They had been isolated but had not stopped work. During the past 26 years there has not been during the academic year a death in the faculty or student body nor a case of very severe sickness or a bad accident which was indeed remarkable.

Each year it had been the custom to prepare a college song and the singing of that came next after which benediction was pronounced by Rev. Dan B. Brummitt and to the stirring strains of the "Harvest Thanksgiving March" grandly rendered on the organ by Mr. Stearns the audience dispersed most of them going to the reception room of the college to meet the seniors and friends of the institution.

NOTICE

Sealed bids will be received by the County Commissioners of Morgan county, Ill., at their office in the County Court House, Jacksonville, Ill., until the hour of 12 o'clock noon, Saturday, June 7th, 1919, for the construction of five concrete bridges. Each bid must be accompanied by a certified check for 5 per cent of the amount of each bid and filed with the county clerk. The commissioners reserve the right to reject any or all bids. For information, address L. V. Baldwin, county superintendent of highways, Jacksonville.

CHAPIN PASTOR IN FAREWELL SERMON

Rev. J. E. Herbert Preaches Farewell Sermon at M. P. Church—Z. Fox Improving from Recent Injury—Other Interesting News Notes.

Chapin, June 3.—There was a large audience at the M. P. church Sunday evening to hear Rev. J. E. Herbert's farewell sermon. The Christian church people kindly decided not to have their usual evening service and they, with their pastor, Rev. C. G. Cantrell, attended the services. We are sorry to lose Mr. and Mrs. Herbert and family. They are excellent people and have won the esteem of all who know them.

Mrs. Myra Anderson of Chicago is visiting at her father's for a few weeks.

Mr. and Mrs. W. S. Brownlow left last Monday for Hot Springs, Ark., for the benefit of Mr. Brownlow's health, as he has been suffering for some time with rheumatism.

Mr. and Mrs. Jacob Hoover received a short time ago a number of post card pictures of French scenery from Ed Shaffer of Meredosia. They were very much pleased to be so kindly remembered.

Z. Fox, who was quite badly injured last Thursday, is recovering in a very satisfactory manner and will soon be able to be about again.

Henry Perbix and Frank Burnham made a business trip to Missouri last week.

Mrs. Z. Fox returned from a visit with her daughter, Mrs. Harris Robertson at Petersburg last Thursday. She reports her granddaughter, Helen Lucile, as being the finest and best baby in the land—of course.
